## About FinThrive

FinThrive is advancing the healthcare economy. We rethink revenue management to pave the way for a healthcare system that ensures every transaction and patient experience is addressed holistically. We're making breakthroughs in technology—developing award-winning revenue management solutions that adapt with healthcare professionals, freeing providers and payers from complexity and inefficiency, so they can focus on doing their best work. Our end-to-end revenue management platform delivers a smarter, smoother revenue experience that increases revenue, reduces costs, expands cash collections, and ensures regulatory compliance across the entire revenue cycle continuum. We've delivered over \$10 billion in net revenue and cash to more than 3,245 customers worldwide. When healthcare finance becomes effortless, the boundaries of what's possible in healthcare expand. For more information on our new vision for healthcare revenue management, visit [finthrive.com](https://finthrive.com)

## About Our Culture

### Find Balance with Our Colleague-friendly Organization

We prioritize work-life balance and flexibility for our colleagues, which is why FinThrive offers a conducive and stress-free work culture. This, along with fantastic salary and benefits packages will help you thrive in your career.

### Take Time to Recharge and Pursue Your Passions

At FinThrive, we believe in the human side of work and the importance of taking time to pursue your passions and recharge. Whether it's traveling the world, spending quality time with loved ones, or giving back to your community, we want you to enjoy all the good that life has to offer.

### Be Part of a Positive and Supportive Work Environment

FinThrive colleagues value diversity, inclusivity, and respect, and we're committed to creating a positive and supportive work environment where every colleague's voice is heard and celebrated. At FinThrive, you're a valuable member of our team, and your opinions matter!

### Grow and Excel Your Career with Training and Education

FinThrive is committed to helping our colleagues grow and excel in their careers, which is why we offer top-notch training and education to sharpen your skills and prepare you for whatever lies ahead. With our support, you'll be well-equipped to succeed not just in your current role but also in your future endeavors.

## What we offer

- Term life, Accidental & Medical Insurance
- Professional development opportunities
- Hybrid work environment

## Impact you will make

We are seeking a talented and experienced System Engineer specializing in Cloud Security to join our team. As a System Engineer, you will be responsible for designing, implementing, and managing security solutions in cloud environments, with a focus on Endpoint Detection and Response

(EDR) and Microsoft Defender suite along with Microsoft Purview DLP(Data Loss Prevention). Your expertise in defending cloud infrastructure and Security Operations Center (SOC) activities will be crucial in safeguarding our systems and data. Additionally, knowledge of Azure Sentinel and Uncommon x platforms will be highly desirable. This is a challenging role that requires a strong understanding of cloud security principles, hands-on technical skills, and a proactive approach to mitigating risks.

## What you will do

- Design, implement, and manage security solutions in cloud environments, focusing on EDR, Microsoft Defender for Endpoint, Defender for Cloud, Azure Sentinel, and Uncommon x
- Collaborate with cross-functional teams to ensure security controls are implemented effectively and aligned with industry best practices
- Conduct regular vulnerability assessments and penetration testing to identify and address security vulnerabilities and risks
- Monitor and analyze security events and incidents using SOC methodologies, tools, and technologies
- Develop and maintain security policies, standards, and procedures specific to cloud security
- Stay up to date with the latest cloud security trends, threats, and vulnerabilities, and implement appropriate security measures to mitigate risks
- Provide technical guidance and support to other teams regarding cloud security best practices
- Participate in incident response activities, including containment, eradication, and recovery
- Contribute to the development and maintenance of disaster recovery and business continuity plans for cloud environments
- Collaborate with internal and external stakeholders to ensure compliance with relevant security regulations and frameworks

## What you will bring

- Bachelor's degree in Computer Science, Information Technology, or a related field (or equivalent work experience)
- Proven experience as a System Engineer or Cloud Security Engineer, with a focus on EDR, Microsoft Defender for Endpoint, Defender for Cloud, Azure Sentinel, and Uncommon x
- Strong understanding of cloud security principles, architecture, and best practices
- Experience with Microsoft Purview DLP (Data Loss Prevention)
- Familiarity with industry-standard security frameworks (e.g., NIST, ISO 27001) and compliance requirements (e.g., GDPR, HIPAA)
- Excellent knowledge of EDR and Microsoft Defender suite, including hands-on experience in implementing and managing these solutions
- Proficiency in Azure Sentinel and Uncommon x platforms, including configuration and maintenance
- Solid understanding of networking protocols, systems, and infrastructure
- Strong analytical and problem-solving skills, with the ability to assess complex situations and provide effective solutions
- Excellent communication skills, both written and verbal, with the ability to convey complex technical concepts to non-technical stakeholders

## What we would like to see

- Relevant certifications (e.g., CISSP, CCSP, Azure Security Engineer) would be a plus
